Glass Sand Cover

We recommend purchasing a glass cover for all sand containers in order to preserve the design and protect the sand when the Roliquery is not in use. These can be purchased economically from a glass store in your area.

Sand

In our displays we use "Play Sand" which is commonly available at hardware stores and lumberyards across the country. Check our website for recommended amounts of sand for each container.

Custom Design Work

For pricing on custom design or sizes, please email your project idea to CustomDesigns@AmyBrier.com. Custom work requires a \$500 non-refundable design fee and a 50% deposit upon design approval, with the balance due on shipping. Extensive design work or specs may require a separate fee.

Thank you for your interest!

We want you to be satisfied! Please let us know about your requests, problems, questions, or suggestions.
